Officers – Class of 1969

Greg Gorman, Judy Horne, Randee Perdew, Anne Broderick.

The class of nineteen hundred and sixty-nine will go down in history as a class of leadership. In ninth grade, our class was the first class to go to Harrisburg. In tenth grade we began the Valentine's dance. In our junior year we changed the style of the Bedford High School class ring. But the greatest endeavors have been saved for the senior year. Our senior Float took top honors in three parades. We sponsored the first charity ball in December—the Snow Ball. The class has been granted the privilege of becoming the first to go to New York City for the Senior trip. Finally, on graduation day, the class of "69" will hold commencement exercises for the first time in the Gymnasium.

But these are only class projects which we have carried out. There are many individuals who have excelled in various fields on their own initiative. Our class has some of the finest musicians, artists, writers, speakers, athletes, and race car drivers ever to come out of Bedford High School.

We owe everything we know to our teachers, who have tolerated our scheming; to the administration, who has kept us in line; and finally, to our parents who started it all. I only hope that we can repay them by continuing to fulfill our duties and by achieving our goals. In short, "let us continue."

Officers — Class of 1970

Greg Guise, Donna Beegle (*seated*), Kathy Karns, Scott George.

Each summer as we near the end of our school year, we look in retrospect to the year past, and attempt to analyze what lays before us. Looking backwards brings to mind words such as Hoagie and prom. In sports, such numbers as Bedford 21, Everett 6 are remembered or the players who made it possible. Members of the class of "70" were there and through the past year have demonstrated a fine ability to handle any job. Next year as Seniors we accept the top role in leadership. Along with leadership comes need for leaders. The class of "70" has already proved we have them.

Officers – Class of 1972

Jane Hughes, Sue Hamilton, MiMi Feight, Laura Salathe.

Gosh, we've been freshmen for almost half a year and before we even get used to it we'll be sophomores. This year we've taken a big step into a new world with new subjects, competitive sports, and just a slight bit more priority.

We are now completing our last year in junior high. The next three years will be deciding factors of our future. Already our many talents are being put to use through sports, cheerleading, band, student council and many other activities. By use of these we can help ourselves make up our minds about what field of study we wish to enter.

The Class of "72" has a lot to be proud of and we hope that at the end of our school years many people in our community will be proud of us and look upon us as worthy citizens.

This year the class of '73 is back, more experienced and confident. Now many of the 8th grade students are a part of numerous activities such as Jr. High Student Council, Chorus, Band, Football, Basketball, Wrestling, and Cheerleading.

Our title of 'The Seventh Graders' has passed and we have moved a step closer to the day when we will be called 'seniors.'

We are proud of Bedford High and let's hope some day Bedford High will be proud of us.

Officers – Class of 1974

Glenn Burkett, Scott Moxley, Janelle Koontz, Star Slick.

What! No recess! Only three minutes to get to the next class! I can't even get my locker open! These were some of the remarks I heard as I rushed through the halls trying to find where my classes were the first few weeks of school.

We soon became adjusted to the new routine and new schedule, and as we joined in the sports and activities, we began to enjoy being in Junior High.

During our next six years at B.H.S. we hope to become good students, acquire a good education, and contribute something worthwhile to our school.

Getting this book to the publisher was a monumental task and would not have been possible without the help and co-operation of all members of the staff, Mrs. Davis, permitting me to leave class when needed, all teachers for taking so graciously the interruptions, the administration, Mr. Motto, our grand advisor, Cover Studios, Lloyd Trimmier and Village Studio, and to the many people who were willing to take time from their regular duties to give us an assist.

There are human mistakes and technical errors, but beneath it all lies the meaning. The staff and I hoped to view the school from all perspectives making the final gaze one to remember.
